## ABOUT ME

Frontend Developer specializing in React and Next.js with experience building scalable, performance-focused web applications. Strong focus on UI/UX, animations, accessibility, and modern frontend architecture. Experienced in shipping real-world products and client solutions.

## EXPERIENCE

**Freelance Frontend / Full-Stack Developer**                                        Jan 2024 – Present
*Self-Employed (Remote)*

- Built and shipped multiple frontend-heavy applications using Next.js, React, and Tailwind CSS.
- Refactored large codebases, improving maintainability and development speed by 30%+.
- Integrated REST APIs with optimized data fetching and robust error handling.
- Improved UI consistency, responsiveness, and accessibility across projects.

## PROJECTS

**Dayflow HR Management System**                                                     2024 – Present
*Next.js, PostgreSQL, Prisma, NextAuth, Shadcn/UI*

- Developed an HR management platform with employee tracking, attendance, and payroll workflows.
- Implemented secure authentication and role-based access control using NextAuth.

**Velorent-3D**                                                                      2024
*Three.js, GSAP, WebGL, Framer Motion*

- Created an interactive 3D bicycle rental showcase with smooth animations and transitions.
- Optimized rendering performance for cross-device compatibility.

**Second Brain**                                                                     2024
*Next.js, PostgreSQL, Prisma, OpenAI API*

- Built an AI-powered knowledge management system for idea capture and intelligent search.
- Integrated OpenAI APIs to enhance information retrieval and insights.

**RankArena**                                                                        2024
*React, Node.js, MongoDB, Express, Chart.js*

- Built a platform for students to track and compare academic rankings with visual analytics.
- Implemented real-time data visualization using Chart.js.

## EDUCATION

**Parul University**                                                                 2023 – Present
*B.Tech in Computer Science Engineering*                                             *Vadodara*

- CGPA: 7.95

## SKILLS

**Languages:** JavaScript, TypeScript, HTML, CSS, SQL
**Frontend:** React, Next.js (App Router), Tailwind CSS, Shadcn/UI, Framer Motion, GSAP, Three.js
**Backend:** Node.js, Express.js, Prisma, NextAuth
**Databases:** PostgreSQL, MongoDB
**Tools:** GitHub, Vercel, AWS, Postman, Figma
